

# MEG1584 GOODS / PLANT TRAILER 1500kg GVW

**A Heavy Duty, High Quality Trailer specifically created using the latest 3D CAD design technology, combined with over 50 years of experience and knowledge, ideal for today's professional trailer user, including plant operators and hirers.**

Some of the trailers shown have optional equipment, please see over for details

## FEATURES

The MEG1584 Single Axle 8' x 4' Goods/Plant trailer is built to last, with a heavy duty drawbar arrangement, and a Locking 50mm Ball Coupling as Standard. A Forged 40mm Eye Coupling is also available, as a no cost option.

The durability of our heavy duty, low maintenance rubber torsion axles has been proven in the Construction Plant industry and it has excellent ride characteristics to cope with operation in both laden and unladen conditions.

The MEG1584 Trailer has a fully welded heavy duty chequer plate body which is Hot Dip Galvanised, as are the optional Loading Ramp and Weld Mesh Side Extensions.

The Floor of the trailer is made from 12mm high density plywood with a tough, slip resistant waterproof resin coating on both sides, and an Aluminium treadplate covering is also available.
